Notable News...

One of the new ministries under DWM is "The Forgotten Children of the Philippines" in care of Ofelia Acosta.

Here is one of the latest reports from the Philippines:

Jan 12th - Ofelia arrived in Dipolog. Pastors Renato, Duane and Nelia picked them up at the airport. They went to their house and prepared care packages and planned lunches for the forgotten children.

Jan 13th - We picked up Pastor Larry, wife Janet and daughter Jhelyca at their house and went to Molave, Zamboanga Del Sur to comfort a friend who lost her husband. Following lunch we drove to the cemetery to feed the forgotten children and give them their surprises. The number who came tripled from the regular number that usually came according to Nelia. Parents came too and received family meals of Spam, baked beans and peanut butter. They were all so appreciative.

Jan 14th - It was a big day. Pastor Duane picked up Len Zenitram at the hotel and drove us to Pastor Larry's church. I was asked to preach there. At the end of the service, Helen and I prayed for their youth who lined up in front for prayer.

Then we went to Manukan Beach. I was asked to preach again. Their language was a little different from mine so I asked Pastor Renato to translate. The children were excited to see they were getting more than the usual rice porridge. We distributed the packed lunches, toys, clothes, shoes, and hygiene supplies. The parents came too and received their family meals. Everybody was happy and grateful! Thank you Jesus!

New Ministries

God is so good to have blessed us with these new ministries:

Grief Share led by Sondra Sherman. This ministry is a 13 week faith based program to help those who have lost a loved one. It includes scriptures, videos and a workbook. There is a Spring and Fall session available with support during the holidays.

Forgotten Children of The Philippines led by **Ofelia Acosta**. This ministry is to minister to homeless children in the Philippines: Providing the Word of God, clothing, food, hygiene items. We're also believing for a debt free orphanage.

Deaf ear opened!

I was recovering from a cold when I felt major pain in my right ear. My ears popped in and out throughout the night, but when I woke up Saturday the pain was intense and my hearing was completely gone. I immediately went to Urgent Care where the doctor looked in my ear and said I had a ruptured eardrum. He said my ear was badly infected and I would not have my hearing back for 8 weeks. He gave me medicine and I went home.

I quickly realized that losing my hearing effected my life worse than I thought it would. I could not hear my 2 and 3 year old girls!!! At work, I could not hear at all because the noise in my office overpowered what little hearing I had.

On Wednesday, November 1st, I went to The River Church in Lancaster, OH and asked Cindy Teagarden to pray for my ear. At that point in time, I could hear very little, maybe 5-10%. Cindy prayed for my ear and immediately I could feel and hear popping. And suddenly... I could hear again!

Praise God! I walked out of the River that evening with 85% of my hearing back! And within a few days I was back to 100% of my hearing!

Man said it would take 8 weeks! But God said 1 week!!! The best part is my daughter was at "The River" that night and at 3 years old, she was able to witness a miracle! - Jill

We boldly and gladly give God all of the Glory, Honor, and Praise!!!
